DETAILED ACTION

1. Claims 6-7, 11-13 and 15 are allowed and have been renumbered to 1-6 respectively.
2. The following is an examiner's statement of reasons for allowance:

Regarding claim 6, the prior art of record fails to teach, disclose or fairly suggest, a secure identification method with the combination of method steps comprising: capturing a first graphical representation of a subject, the representation being at least one physical trait selected from a group consisting of a fingerprint, signature and a facial image of an individual, at a first data terminal; transferring to, receiving, compressing and storing and associated the first graphical representation of the subject (being the at least one captured physical trait) to a centralized computer located remotely from the first data terminal; receiving a request from a user at a second data terminal requiring authentication and inputting a second graphical representation of the user at the second data terminal; activating the centralized computer with an activation card to download stored information from the centralized computer, the activation card only possessing activation means, **the card not possessing either the first or the second graphical representations;** comparing the first and second graphical

representations; and authenticating the user of the first and second graphical representations are substantially the same.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
